Reasons for Allowance

Claims 1-4 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Watson et al., taken alone or in combination of other references, does not teach or fairly suggest a programmable logic array (PLA) comprising, among other things, a plurality of sub-program logic arrays comprising at least a diode and a share-midterm-input logic-bypass circuit (claim 1) or an input comparator for comparing a set of new inputs to said sub-PLA with a set of most recent inputs (claim 2) or everyone of said input/output lines connected to a unique set of said logic-operation circuits whereby each of said input/output lines connected to a different set of logic-operation circuits from every other input/output lines (claims 3 and 4), as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
